If you need to change your pack for any reason you can do this in several ways: My EE, My EE app, call to 150, text to 150. Your new pack will start as soon as you've used all the allowances in your current pack or if it's come to the end of its 7 or 30 day duration. If you need to start your next pack straight away, text NOW to 150, but remember you'll lose any calls, texts or data allowances you have left in your current pack.

If you want to cancel your pack or don't want a pack, just text STOP PACK to 150. This will stop your pack from starting again next time. If you are **not** connected to any pack, you will have to pay 30p per minute and 12p per text.
